

WATER SOLENOID VALVE EVS-811

CE  II 3D T200°C

Specifications

Two-way normally closed (NC) - Internal diameter 16 mm.
Flow rate 30 lt/min (0,5 lt/sec) at 1 bar (1 lt/sec at 4 bar).
Pressure range 0 to 10 bar.
Coupling 3/4" gas female.
Power voltage 24Vdc 11 W.
Weatherproof protection with IP65 connector (dust and water jet).
Operating temperature -10 +60°C.
Water temperature +5 +90°C.
Dimensions 70x50x100 mm.
Packaging 125x90x55 mm.
Weight 700 g (800 g with packaging).
II 3D T200°C model (suitable for application on zone 22)
complying with ATEX Directive II 3D Ex tc IIIC T200°C
Dc IP65 (Tamb: -20 ÷ +80°C).
